OUR CHARTER AS A MERCY SCHOOL

The aim of all Mercy schools is to be true to Catherine McAuley, the foundress of the Sisters of Mercy, who wanted first and foremost for her schools to live and to teach the Good News revealed in Jesus Christ. Our commitment to Catherine's vision as a lens through which to embrace the Gospel message inspires our schools to strive for inclusive and safe environments, excellence in learning and student success.

Our Charter as a Mercy School

Central to the mission of Mercy Education is an unequivocal commitment to fostering the dignity, self-esteem and integrity of young people and providing them with a safe, supportive and enriching environment.

1. WE ARE A FAITH-CENTRED CATHOLIC SCHOOL IN THE MERCY TRADITION INSPIRED BY CATHERINE McAULEY

- We model the values of compassion, justice, respect, hospitality, service and courage in the way we teach and relate to others in living mercy
- We foster a passion for social justice
- We care for the young and vulnerable and value cultural diversity
- We are witnesses to our school community and to the wider community of the school's Catholic identity
- The faith life of our school is practised in prayer and liturgy; evident in our commitment to religious education, faith formation and engagement in social justice activities; and lived out in the day-to-day activities of school life

2. OUR SCHOOL LEADERSHIP IS VISIONARY AND SHARED

- The Board and the school leadership team share an inspiring educational vision and enables practical measures for its realisation
- This vision ensures that our school is open and accountable; undertaking rigorous risk assessments; setting challenging targets for improvement; sharing, recording and reporting information about performance; and using evidence to inform improvement strategies
- Our leaders are committed to modelling, developing and maintaining a child-safe culture in all aspects of school life
- Staff exercise careful stewardship of the school's resources with a focus on both excellence and equity and ensuring that the school environment is friendly, welcoming, safe, supportive and well maintained
- We nurture staff development, providing opportunities for faith formation, reflective practice and professional learning
- We foster a culture of consultation, collaboration and clear communication evidenced by shared leadership and decision-making

3. WE ARE LEARNING-CENTRED AND FOSTER A CULTURE OF EXCELLENCE AND CONTINUOUS IMPROVEMENT IN OUR TEACHING

- Our staff undergo a rigorous selection process and appropriate staff induction programs, staff professional development and supervision arrangements to ensure a child safe environment
- Our teachers act as role models and personalise the learning for their students, engaging them to learn purposefully and successfully and challenging them to strive for excellence
- Our students experience physical and online learning environments and education programs that are innovative, stimulating and inclusive
- Our teachers are skilled in using instructional teaching together with teamwork, research, problem-solving and self-directed learning that develops students' critical thinking, self-awareness and responsibility for their own learning
