

Memory is 26 years old and lives in rural Malawi. As the eldest child in a low-income farming family, Memory had to take on many household chores and farming activities to support her parents. They struggled to pay for Memory's school fees and school supplies, and Memory often had to walk to school barefooted.

With the support of Caritas Australia and its partner the Catholic Development Commission in Malawi (CADECOM), Memory was able to enrol at a technical college where she learnt technical skills in carpentry. She undertook a three-year carpentry course, with CADECOM supporting part of her tuition and boarding fees.

Memory became the first female carpenter from her village. Today, she works as a carpenter at one of Malawi's largest hydroelectric power stations. With the income from her job, she can provide financial support to her family and inspire other young women in her community so that they may have the opportunity to succeed in a male-dominated industry.
